

NOTICE OF SECOND WORKSHOP

October 16, 1998

TO: INTERESTED PARTIES
FROM: AIR POLLUTION CONTROL OFFICER
SUBJECT: **BAY AREA 1999 STATE IMPLEMENTATION PLAN ('99 SIP)**
SECOND WORKSHOP ON DRAFT 1995 EMISSION INVENTORY AND DRAFT ATTAINMENT ASSESSMENT

The staff of the Bay Area Air Quality Management District (BAAQMD) will conduct a second public workshop to review and discuss two components of the Bay Area 1999 State Implementation Plan ('99 SIP): the Draft 1995 Emission Inventory and the Draft Attainment Assessment. The Attainment Assessment includes a review of methodologies for analyzing emissions reductions needed to attain the 1-hour national ozone standard, as well as an assessment of emissions reductions that are needed to attain the standard.

The workshop will be held on Thursday, October 29, 1998, at 10:00 am, in the 7th Floor Board Room at the BAAQMD Offices, 939 Ellis Street, San Francisco.

Revised drafts of the 1995 Emission Inventory and Attainment Assessment, the subject of this workshop, will be available on October 26, 1998. You may review (and download) these documents from our '99 SIP Website (see below), or call Lilia Martinez at (415) 749-4664 to receive a copy by mail.

Commenting on the Working Draft Inventory and Attainment Assessment

Comments on our working drafts of the 1995 Emission Inventory and Attainment Assessment may be made at the workshop and/or submitted in writing. All comments are due by November 2, 1998. They should be sent to Jean Roggenkamp, Planning and Transportation Manager, BAAQMD, 939 Ellis Street, San Francisco, CA 94109.

Other Opportunities for Input

As required by EPA, we expect to release the Draft 1995 Emission Inventory and Attainment Assessment by November 25, 1998. You will be notified of the availability of these draft documents, and the deadline for providing your comments. A public hearing before the Board of Directors on the '99 SIP will be held next Spring. However, we encourage you to provide comments on our working drafts of the Emission Inventory and Attainment Assessment at this time so that we may consider your comments in preparing the drafts that are released in November.

1999 SIP Website

If you have access to the Internet, you may obtain updates on the '99 SIP at the following address:

<http://sparc2.baaqmd.gov/sip>

Everyone on our Air Quality Planning mailing list will continue to receive notices by mail of the availability of '99 SIP documents, and documents will continue to be available by mail upon request.

For More Information

Call David Marshall, Principal Planner, at (415) 749-4678 for questions about the workshop or the '99 SIP.

If you would like to be removed from our Air Quality Planning mailing list (or direct our mailings to another person at your company or agency), please call **Lilia Martinez** at (415) 749-4664.
